Lucy Allan MP
2015/16 Annual Report
Your Member of Parliament for Telford

Lucy Allan MP
House of Commons

Dear Resident,

Welcome to my 2015/2016 Annual report!

Since being elected I've been incredibly busy both here and in Westminster speaking up for Telford, whether it is asking questions about the Princess Royal Hospital, broadband or falling unemployment; I've been keen to keep Telford in the Government's thoughts.

In my contract with you I pledged to report back on what I have been doing which is why I have produced this report so that you know how I've been working for you, but also so you can feedback on what is important to you. Inside you can see what I have been doing towards each of the election pledges and on the back is a short survey so you can feedback on the big issues facing the country and how well you think I have been doing.

As your MP, I am committed to standing up for Telford as a whole and on an individual basis. I have a full time office in Telford to work for you – please do contact me using the details in this report to raise any issues that you feel I can help you with.

Best wishes,

Lucy Allan

Reporting back — delivering on my election pledges to you

Improve our transport links

Lucy Allan MP calls for more Telford to Birmingham trains, *Shropshire Star*, 12/03/2016

I've been working hard to try and improve capacity and frequency of our important rail connection to Birmingham. I have met and spoken with Arriva Trains Wales and London Midland as well as asking questions of the Transport Secretary in the House of Commons.

The government is considering the next West Midlands franchise where these issues will be looked at.

Telford MP Lucy Allan speaks out over youth unemployment, *Shropshire Star*, 09/09/2015

Get young people into work

I'm committed to helping our young people transition into work from school, college or apprenticeships. I have highlighted Telford's falling youth unemployment rate with the Business Secretary and had him praise all those working hard to give our young people a great start.

A Critical Care Unit for Telford

Since becoming your MP delivering a Critical Care Unit to the Princess Royal Hospital has been my number one priority.

I have regularly met and spoke with the Chief Executive of the Hospital Trust and the Clinical Commissioning Group's Chief Executives. In addition I have also raised this issue at the highest possible level by meeting with Jeremy Hunt.

MP Lucy Allan in talks on 'super hospital' for Telford, *Shropshire Star*, 18/09/2015

Protect Telford's Green Spaces

In an urban environment like Telford open green space is vital for to all enjoy. I'm keen to see that everyone has access to open space and that Telford doesn't end up being over developed.

I am pleased to see Telford and Wrekin Council has revised down the number of houses planned in Telford from 15,555 to 12,500. Whilst this is a step in the right direction it is still significantly above the Council's own Housing Needs Survey of 9,940 homes.

Digital boost vital for future of Telford, says MP Lucy Allan, *Shropshire Star*, 18/09/2015

Turn off traffic lights to keep traffic moving

I have been lobbying the Council to make our traffic lights part-time where safe to spare motorists the delay of sitting at red lights in off peak

Minister backs Telford MP's part-time traffic lights call, *Shropshire Star*, 11/09/2015

times. I'm delighted that the Council has started to listen and is to run a part-time trial when lights are installed at Randlay. I look forward to the results of this and if successful will push for further roll out.

I have also raised this issue in the House of Commons and have received backing from the Secretary of State for Transport.

Boost our digital links

Telford MP seeking talks on poor phone signals, *Shropshire Star*, 11/06/2015

I am keen to see Telford's digital economy grow. Faster and more reliable broadband and phone signal are key to us in personal and professional lives. I have joined other MPs in creating an All Party

Parliamentary Group to lobby the Chancellor for extra funding for infrastructure.
