

### Tea Break in Oakengates

During the General Election, Lucy had the pleasure of campaigning across Telford on the issues most important to our community. Nothing beats sharing local ideas and ambitions over a cup of tea.

### Constituency Surgeries

Lucy's regular advice surgeries provide a direct means of assistance for residents with a wide range of concerns. This enables Lucy to meet constituents one-to-one, and to provide personal support on a confidential basis.

### Merrythought with JRM

Lucy was delighted to welcome the Leader of the Commons, Jacob Rees-Mogg, to Ironbridge to see for himself the fantastic efforts of local businesses such as Merrythought in getting our economy back on track in a Covid-compliant manner.

### Supporting the High Street

Lucy has worked closely with local councillors including Cllr Kate Barnes (pictured in Dawley) to address the needs of high street businesses during the coronavirus pandemic, and is keen to ensure our high streets are supported to build back better.

### Telford Manifesto Launch

Welcoming Boris Johnson to Telford to launch the Conservative Manifesto was a highlight of the 2019 General Election. Lucy was pleased to showcase Telford's rich heritage and potential as the Government laid out its plan to level up the nation.

### Backing Apprenticeships

Earlier in the year, Lucy showed her support for apprenticeship opportunities for young people during National Apprenticeship Week (NAW2020), and has worked closely with Ministers to secure funding for high-quality apprenticeships in Telford.

## Getting Telford Back On Track

1

### Backing Telford business

I will continue to work closely with businesses across all sectors of our community - retail, technology, manufacturing and more - to secure more inward investment, create new jobs and boost productivity for our local economy.

2

### Improving local health services

Telford cannot continue with uncertainty over the future of our hospital. I will keep fighting for our A&E and Women and Children's Centre, and will challenge SaTH management over the failings that placed the Trust in special measures as well as the maternity deaths scandal.

3

### Opportunities for the next generation

In the wake of coronavirus, many young people and their families will be faced with a great deal of uncertainty. I will work to ensure that young people in Telford have access to a range of employment and education opportunities, so that they can pursue careers that suit their skillset.

4

### Supporting our emergency services

Our local emergency services - police, ambulance and fire - have been at the heart of Telford's response to the coronavirus pandemic. They deserve the upmost support and respect for their role in the fight to stop the spread of coronavirus, protect the NHS and save lives. I am keen to see further investment into these services, so they can continue in their vital work.

5

### Justice for victims of serious crime

As Telford's MP, I have raised cases that exemplify the failings of the justice system in supporting victims and their rights: CSE, avoidable maternity deaths, the Post Office Horizon scandal and more. I want to work with local decision makers to improve communication between victims and public officials, and will continue to hold Government to account on issues of public concern.

6

### Better local infrastructure

Telford is one of the fastest-growing areas in the UK. It is important that our local services can support further growth as we recover from the impact of the coronavirus outbreak. I will work to ensure we have investment into more school places, doctor's surgeries, transport links and better digital connectivity.

Dear Resident

This has been a very difficult time for everyone in our community. I am so grateful to those who are doing what they can to support others.

The impact of the coronavirus outbreak and lockdown are profound, and there is no doubt that difficult times still lie ahead.

Since March, I have supported hundreds of constituents and businesses who have been impacted by the pandemic. I have been working hard to ensure that, wherever there are avenues for assistance, they can be accessed.

I have great confidence in our community. I can see so many people giving it their all to get back on their feet. Telford is a resilient town with a proud past, and I will make it my mission to ensure we succeed.

Despite disruption and upheaval, we now have an opportunity for new ways of working, involving a new economy with new jobs in tech, data and the life sciences.

So let's keep doing what we are doing, let's keep looking out for each other, and let's be reassured that this Government is with us every step of the way.

Lucy Allan

Member of Parliament for Telford

# Working for you!

## Take a look at some of Lucy's work as Telford's MP: standing up for our community and championing the needs and concerns of local people

**Lucy has secured £25m funding for Telford to help get our economy back on track.**

After lobbying ministers for further investment into our area and bringing the Secretary of State for Local Government to Telford to hear resident concerns, Lucy has won a £25 million New Towns Deal. She is working with local partners on the Telford Town's Fund Board, to make recommendations on how this money should best be spent. Lucy would like to see it used to help create new economy jobs, boost connectivity and improve local transport connections.

Lucy supports inward investment in local services, housing and infrastructure

**In December 2019, Lucy was re-elected as Telford's MP with the largest vote share in Telford's history.**

During the 2019 General Election, Lucy won nearly 60% of the total votes cast and a majority of just under 11,000 votes: the greatest vote share of any Telford MP ever. Lucy wants to use this win and her third term as Telford's MP to make sure that Telford's voice is heard louder than ever - locally and in Parliament - and she has immediately set to work on doing just that.

Lucy re-elected as Telford's MP with a majority of over 10,000

**The scale of avoidable maternity deaths and poor care at the Shrewsbury and Telford Hospital Trust has exposed major concerns about patient safety at Telford's Princess Royal Hospital.**

Lucy took hospital management to task over these failings, met with victims and relatives, called a debate and urgent question of ministers in Parliament to ensure action was taken and worked to support the Ockenden Inquiry, which is seeking to expose the truth and hold to account those responsible.

Lucy with victims of the Post Office Horizon Scandal

**In November 2019 Lucy successfully crowd-funded for legal advice to help save Telford's A&E and Women & Children Services.**

This was the latest step in the long running campaign Lucy has been running to keep Telford's hospital care close to home. The Trust acknowledges that the 'Shrewsbury option' is unsatisfactory. The outcome of this fight is still uncertain but, after years of working to save the Princess Royal, we still have these services in our town and Lucy will carry on the fight.

Lucy fights for Telford's 24-hour A&E and Women & Children's Centre

**Flooding has long affected residents, business and livelihoods in Ironbridge and the surrounding areas. The Government must proactively tackle the threat posed by the rising of the River Severn.**

Earlier this year, £5.2 billion pounds was allocated to flood defences, river management and direct support for communities at risk. Lucy has worked cross party in Government to secure greater flood support, and is pleased that this new package will see at least £36 million allocated to the management of the River Severn.

Lucy visits those affected by flooding in Ironbridge
